

R&D Technologies - Holiday Open House

It's that time of year again - Please join us at our Holiday Open House!

Attendees will get the opportunity to learn first-hand, how additive manufacturing is a necessity in today's competitive marketplace.

Date: Thursday, 12/12 from 4:00 PM - 6:00 PM

Location: 60 & 70 Romano Vineyard Way
North Kingstown, RI 02852

*****Sandwiches and refreshments will be available.*****

The evening will begin at 70 Romano Vineyard Way with a brief overview of the additive manufacturing technologies available through Stratasys. This will be followed by an open forum discussion where we will address any 3D printing-related questions you may have. Please feel free to bring any files you'd like us to review in order to determine if this technology is a fit for your application. A demonstration and tour of our facility at 60 Romano Vineyard Way will conclude the evening. Follow the link below to register today!
